CERTIFICATIONS

Certification in Data Analytics,

Entri Elevate in collaboration with Illinois tech US

Feb 2026 - Aug 2026

- Developed proficiency in Microsoft Excel, SQL, Power BI, and Python for data analysis and reporting.
- Performed data cleaning, transformation, and exploratory data analysis (EDA) to prepare datasets for business insights.
- Created interactive dashboards and KPI-driven reports using Power BI to support data-driven decision-making. Applied data visualization techniques to communicate trends, patterns, and key findings effectively.
- Worked with real-world datasets to identify business problems and generate actionable insights. Developed skills in data modeling, SQL querying, and business intelligence reporting. Completed hands-on projects involving data cleaning, analysis, dashboard development, and reporting.

SKILLS

- **Programming & Tools:** MS Excel, Power BI, SQL, Python, Data Analysis & AI: Data Analysis, Data Cleaning, Transformation, Data Structure Analysis, KPI Tracking, Measure Creation and Data modeling. Data Visualization. Dashboard Development Using Slicers.
- **Soft Skills:** Analytical Thinking, Problem-Solving, Team Collaboration, Adaptability, Presentation Skills

PROJECT

Project Title: Sales Data Analysis Dashboard using Power BI- [Sumitha-git/](#)

Project Description:

- Imported and analyzed the dataset in Power BI. Performed data cleaning and transformation using Power Query.
- Handled missing values and corrected data formats. Created data models and established relationships between tables. Developed calculated columns and measures using DAX.
- Built interactive dashboards and reports for data analysis. Created visualizations such as charts, tables, cards, and slicers. Analyzed key performance indicators (KPIs) and business metrics.
- Improved report usability through filters, drill-through, and interactive features.

Project Title: HR Analytics Dashboard using Power BI- [Sumitha-git/Mini-Project-For-Excel-and-Power-BI](#)

Project Description:

- Developed an end-to-end HR Analytics Dashboard using Power BI to analyse employee data and workforce trends. Performed data cleaning, transformation, and validation using Excel and Power Query.
- Created data models and established relationships between HR datasets.
- Developed DAX measures and calculated columns for HR KPIs and workforce metrics.
- Designed interactive dashboards and visualizations to monitor employee count, attrition rate, department-wise distribution, gender diversity, age analysis, and job satisfaction.

Tools & Technologies: Power BI, DAX, Power Query, Advanced Excel

Key Skills: Data Cleaning, Data Transformation, Data Modelling, DAX Functions, Dashboard Development, Data Visualization, Business Intelligence Reporting, HR Analytics.

EDUCATION

- Executive MBA (HR) – National Institute of Business Management
- BCA – Annamalai University
- Diploma in Computer Technology (DCT)

PROFESSIONAL EXPERIENCE

- Technical Support Executive | ICT Infracon LLP
- HR Executive & Project Coordinator | Rooman Technologies Pvt. Ltd.

Apr 2021 to Till Date
Mar 2019 to Mar 2021
